○ Request/Accept Summary of Care*	

*Exclusion available for measure if denominator is less than 100 patients or occurrences

Improvement Activities (IA) Reporting Requirements:

- Attest to up to 4 activities for a minimum of 90 days
- Choose one of the following combinations:
  - 2 High Weighted Activities
  - 1 High Weighted Activity and 2 Medium Weighted Activates
  - 4 Medium Weighted Activities

Medium Weighted:

- Implementation of Use of Specialist Reports Back to Referring Clinician or Group to Close Referral Loop- **EHR Bonus**
- Implementation of documentation improvements for practice/process improvements
- Collection and use of patient experience and satisfaction data on access
- Implementation of medication management practice improvements- **EHR Bonus**
- Annual registration in the Prescription Drug Monitoring Program
- Regularly assess the patient experience of care through surveys, advisory councils and/or other mechanisms.
- Practice Improvements for Bilateral Exchange of Patient Information- **EHR Bonus**
- CMS partner in Patients Hospital Engagement Network
- Implementation of formal quality improvement methods, practice changes, or other practice improvement processes

High Weighted:

- Engagement of New Medicaid Patients and Follow-up
- Engage Patients and Families to Guide Improvement in the System of Care- **EHR Bonus**
- Participation in the CMS Transforming Clinical Practice Initiative
- Collection and follow-up on patient experience and satisfaction data on beneficiary engagement
- Provide 24/7 Access to MIPS Eligible Clinicians or Groups Who Have Real-Time Access to Patient's Medical Record- **EHR Bonus**

Cost Reporting:

- CMS calculate Cost measures using administrative claims data if a clinician or group meets the cases minimum for attributed patients
- Individuals and Groups are not required to SUBMIT any additional information for the cost category

Cost Measures:

Medicare Spending Per Beneficiary (MSPB):

- The Medicare Spending Per Beneficiary (MSPB) clinician measure assesses the cost to Medicare of services performed by an individual clinician during an MSPB episode, which comprises the period immediately prior to, during, and following a patient's hospital stay.

Total Per Capita Costs for All Attributed Beneficiaries (TPCC):

- The Total Per Capita Costs for All Attributed Beneficiaries (TPCC) measure is a payment-standardized, annualized, risk-adjusted, and specialty-adjusted measure that evaluates the overall cost of care provided to beneficiaries attributed to clinicians, as identified by a unique Taxpayer Identification Number/National Provider Identifier (TIN-NPI).
